SPRING DELIVERY 1930

SEND FOR CATALOGUE. Let us have your list of wants as soon as possible, for special prices according to quantities taken. If you favor us with your early order, you will be well pleased. My experience of 38 years' constant growing and handling Native Ornamentals should warrant your careful consideration before placing your order elsewhere for plant material.

Not the Cheapest, but the Best

All nursery-grown, except where otherwise stated. Tell us just what is wanted and we will gladly assist you in making up your order to best mutual advantage before the spring rush.

A discount of 6 per cent and free packing is given on early cash orders. Cash or satisfactory reference from unknown parties.

To meet the ever-increasing demand, we have grown a very superior stock and are much better prepared than ever before to serve our patrons acceptably.
